I like the bass. Cover art by Storm Thorgerson. Lyrics powered by LyricFind. CChorus.For anything that's taken away For the purpose of the future For the ones that reasonably hurt I wonder if I Burning My Soul continued living These memorable memories These unforgettable bonds The miracle that has been spun It was connected for this moments You just need to keep going on this road Every distress will be illuminated tomorrow The day that I decided to fight It marks the beginning of my fate I will allow you to settle it All of our battles right here My emotions are burning up To take back the world in front of me My passion to win becomes a sudden fire Sadness suddenly Burning My Soul this cheek To take away the hope, but even then Let it echo, these roar of mine Onto the Sky of Oath, And now Burning My Soul!
