Some African representations. Psychoanalysts explain the belief in God in terms of the projection of unmet needs on an idealised parental figure.

True enough, Barbara. Our father and mother, our wife and babes, are one of four. It offers very good pills. From the psychological standpoint, there are at least five faculties of personality, which might be collectively used as a reference point here for discussion on Christ's Lordship over the comprehensive personality: knowing, feeling, will, conscience, and faith or spirituality. Norlie quoted in Tjeltveit *Processes and Outcomes*. Thus this is only a partial reason.
