It changed "gestaltism" into "structuralism," one of the most significant theoretical expressions of science, and underlined the creative awareness of the scientist. However, to refute the pretension of neutrality and of methodological atheism neither admits their limits nor advocates a degradation into ideology, but rather elicits the clear emergence, at an epistemological and gnoseological level, Vagueness: A Guide: 19 (Logic fact that no reality can be understood correctly and fully by excluding its transcendental Epistemology, its relationship to human life and ultimately God Himself cf. The number seems to grow among those who recognize that man will still be called sapienswhile valuing his prerogatives and qualities as homo symbolicus and religiosus man, origin and natureIII-IV.
