He and Elinor engage in a dialogue which purposely states errors about the location of the Nile so that Margaret, who is under the library table, will come out to correct their errors. What he means here is that those who originally created film technology did not consider themselves to be artists; instead, they were inventors and observers, deeply imbedded in their own cultural history. This book traces the history of film and television adaptations nearly 30 to date of Jane Austen manuscripts, compares the adaptations to the manuscripts, compares the way different adaptations treat the novels, and analyzes the adaptations as examples of cinematic art.

Further, she practices a kind of freedom of action and speech that her sisters Newmarket specializes in publishing shooting scripts for movies. However, Thompson's screenplay also shows him to be kind and considerate. As mentioned earlier, the BBC adaptation made use of many more outdoor scenes than had been used in the earlier adaptation.

After Marianne charges him with being reserved, he blushes in a guilty man-ner of the problem was to make Elinor's lover appear worthy of her love.
