The particular significance of alchemy and its function as an active practice that promoted the notion of purification or improvement of not only materials but also the human condition is explained. As the system began to work, revolutionary leaders strove to routinize their control and contain independent action by local enthusiasts, who often resisted. Publisher:W.Theseissuesamongotherswillguideourencounterswithliter According to Giusti, when the Galleria dei Lavori was founded inFerdinando I requested that experimentation be undertaken in the commesso technique in the area of portraiture. Village "republics" of the Alps, for example, found their ancient liberties—including ostensibly free consent to taxes—crumbling

as outsiders clamped them into the new administrative machine.

No: SB

Under Cardinal Fleury's administration, peace was maintained as long as possible.

Mixing and layering paint an artist is able to achieve different effects and to create a convincing image of reality.

Saint Louis also supported new forms of art such as Gothic architecture ; his Sainte-Chapelle became a very famous gothic building, and he is also credited for the Morgan Bible.
