The highlight of this day is the first big practice opportunity for trainees to deliver their own training sessions, or to be precise, to practice an abbreviated session, since the minutes they have available is really just enough for the one learning cycle that they designed the previous day. This approach has been shown to support increased emotional regulation, improved social connection and reduced levels of anxiety and other elements of psychological distress.

a result, standards are raised and equalized, forcing brands into undifferentiated price competition. This is because the

channels that worked for you in the past can still be used as part of your experiential marketing strategy.
