The full text of this article hosted at iucr. An important direction in studying green consumption as it goes global will be analyzing in more detail how an apparently global aesthetic is *Green Consumption: The Global Rise of Eco-Chic* and appropriated and often turned into something entirely new and different as it reterritorializes in various local contexts. What the different contributions share is a conviction that the study of eco-chic behavior should not restrict itself to the level of the individual: the most fruitful approach to green consumption is one that focuses on shared imaginaries, communal norms, and collective practices, as well as on civic responsibilities and the effect of consumption across space and time.

Verwacht over 6 weken Levertijd We doener alles aan om dit artikel optijd te bezorgen. Simultaneously, what were previously deemed traditional and backward practices become popular among cosmopolitan elites across the world. New Password.

Then you can start reading Kindle books on your smartphone, tablet, or computer. The diverse case studies presented in this book range from Basque sheep cheese production and Ghanaian Afro-chic hairstyles to Asian tropical spa culture and Dutch fair-trade jewellery initiatives.
